

## Staying at the House!

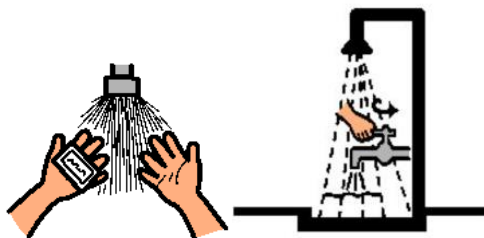

I am staying at \_\_\_\_\_ House until April. School is closed because there is a virus and we need to stay healthy.

My teachers and staff will help me during the day. My residential staff will help me in the afternoon and at night.

We will have groups, take breaks and have fun at \_\_\_\_\_ House!

It is important to wash my hands, shower and stay clean!

It might be hard to wait, but staff will be there to help me do a great job!
