

## Change in schedule

My schedule right now is a lot different than usual.

Doctors and nurses are making new rules about where it is safe to go.

School is closed so they can clean it and make sure it is safe and healthy.

Lots of my favorite places are closed right now and I may not be able to visit them for a long time.

I am at home with my family for a while. We can play games, take walks, and watch movies together!

Mom and Dad will let me know when it is safe to go back to school and my residence. I am safe at my house with my family.

It is okay to feel confused, bored, or upset. My family is here to help me and I will see staff and my friends again soon.

The rules may change again and my staff, family, and I have to be flexible.

I will do a good job staying safe and healthy at home with my family!
