

Wearing a face mask

This is a face mask. Wearing a mask will keep me and people around me safe and healthy!

Masks help keep germs out of the air.

A new rule says I need to wear a mask when I leave my house.

The mask will go around my ears. I should try not to touch my mask or my face after I put it on.

I'll need to wear a mask in the van, on walks, and other places in the community too!

Staff will tell me when I can take the face mask off.

I will do a great job and keep the face mask on! I can ask staff for help if I need it.

I need to remember my new rules about wearing a mask!
